next several days you will undoubtedly realize that we are taking back our great
country (the land of the free) from the evil tyrants that wish to do us harm and
destroy the last remaining refuge of shining light. On POTUS' order, we have
initiated certain fail-safes that shall safeguard the public from the primary
fallout which is slated to occur 11.3 upon the arrest announcement of Mr. Podesta
(actionable 11.4). Confirmation (to the public) of what is occurring will then be
revealed and will not be openly accepted. Public riots are being organized in
serious numbers in an effort to prevent the arrest and capture of more senior
public officials. On POTUS' order, a state of temporary military control will be
actioned and special ops carried out. False leaks have been made to retain several
within the confines of the United States to prevent extradition and special
operator necessity. Rest assured, the safety and well-being of every man, woman,
and child of this country is being exhausted in full. However, the atmosphere
within the country will unfortunately be divided as so many have fallen for the
corrupt and evil narrative that has long been broadcast. We will be initiating the
Emergency Broadcast System (EMS) during this time in an effort to provide a direct
message (avoiding the fake news) to all citizens. Organizations and/or people that
wish to do us harm during this time will be met with swift fury - certain laws have
been pre-lifted to provide our great military the necessary authority to handle and
conduct these operations (at home and abroad)."

Senator John McCain. This is the same John McCain who met Libyan militia leader Abdelkarim Belhaj, a known al Qaeda associate, and saluted him as "my hero" during a 2011 visit to Benghazi."

"http://thehill.com/blogs/pundits-blog/presidential-campaign/292310-huma-abedins-
ties-to-the-muslim-brotherhood\nThe Clinton campaign is attempting once again to
sweep important questions under the rug about top aide Huma Abedin, her family ties
to the Muslim Brotherhood and to Saudi Arabia, and her role in the ballooning
Clinton email scandal.\nHer mother, Saleha Abedin, sits on the Presidency Staff
Council of the International Islamic Council for Da'wa and Relief, a group that is
chaired by the leader of the Muslim Brotherhood, Sheikh Yusuf al-Qaradawi.\nPerhaps
recognizing how offensive such ties will be to voters concerned over future
terrorist attacks on this country by radical Muslims professing allegiance to
Sharia law, the Clinton campaign on Monday tried to downplay Ms. Abedin's
involvement in the Journal and the Muslim Brotherhood.\nThe Clinton surrogate group
Media Matters claimed predictably there was "no evidence" that Ms. Abedin or her
family had ties to the Muslim Brotherhood, and that Trump campaign staffers who
spoke of these ties were conspiracy theorists.\nTo debunk the evidence, Media
Matters pointed to a Snopes.com "fact-check" piece that cited as its sole source...
Senator John McCain. This is the same John McCain who met Libyan militia leader
Abdelkarim Belhaj, a known al Qaeda associate, and saluted him as "my hero" during
a 2011 visit to Benghazi."

has POTUS dedicated so much time into labeling the MSM as fake news? \nWhy is this

crossbucks with the back end (dumpster lift hydraulics boom) facing the oncoming
train.\nTrain hits boom, spins truck around and rips body off the cab, leaving the
cab at the crossing. Train drags truck body down the tracks until the body rolls
off down the embankment.\nQuestion is, if truck tried to run crossing, why didn't
occupants flee cab when getting stuck, unless train hit the truck just as it was
trying to run the crossing?\nHave to figure, though, if aerial surveillance sees
truck and warns engineer, the truck had to have been there for a while, so why
didn't occupants flee?\nIf the truck was there as a plant, the only sense I can
make of it is that the occupants were patsies, i.e., they were told they were only
going to force the train to stop, on the idea of an antifa protest.\nI don't think
surveillance would see a truck headed towards the crossing and tell the engineer to
brake, assuming the truck would stop on the tracks. However, it could be that the

access road was closed and any traffic was regarded as a danger.\nKey is how fast does an amtrak train usually go through there, and how fast was this one going. If this train was slower, then why?"

of naive techno-utopianism that believed that the Internet could solve all of
humanity's problems without causing any more. As someone who spent the past 27
years working with him at EFF, I can say that nothing could be further from the
truth. Barlow knew that new technology could create and empower evil as much as it
could create and empower good. He made a conscious decision to focus on the latter:
'I knew it's also true that a good way to invent the future is to predict it. So I
predicted Utopia, hoping to give Liberty a running start before the laws of Moore
and Metcalfe delivered up what Ed Snowden now correctly calls 'turn-key
totalitarianism.'\nBarlow's lasting legacy is that he devoted his life to making
the Internet into 'a world that all may enter without privilege or prejudice
accorded by race, economic power, military force, or station of birth . . . a world
where anyone, anywhere may express his or her beliefs, no matter how singular,
without fear of being coerced into silence or conformity.'\nIn the days and weeks
to come, we will be talking and writing more about what a extraordinary role Barlow
played for the Internet and the world. And as always, we will continue the work to
fulfill his dream.\nSource: https://www.eff.org/deeplinks/2018/02/john-perry-

[7]\nThe experiments were exported to Canada when the CIA recruited Scottish psychiatrist Donald Ewen Cameron, creator of the \"psychic driving\" concept, which the CIA found particularly interesting. Cameron had been hoping to correct schizophrenia by erasing existing memories and reprogramming the psyche. He commuted from Albany, New York to Montreal every week and was paid $69,000 from 1957 to 1964 to carry out MKULTRA experiments there. In addition to LSD, Cameron also experimented with various paralytic drugs as well as electroconvulsive therapy at thirty to forty times the normal power. His \"driving\" experiments consisted of putting subjects into drug-induced coma for weeks at a time (up to three months in one case) while playing tape loops of noise or simple repetitive statements. His

experiments were typically carried out on patients who had entered the institute for minor problems such as anxiety disorders and postpartum depression, many of whom suffered permanently from his actions.[8] His treatments resulted in victims' incontinence, amnesia, forgetting how to talk, forgetting their parents, and thinking their interrogators were their parents.[9][10]\nWhen lawsuits commenced in 1986, the Canadian government denied having any knowledge that Cameron was being sponsored by the CIA.[11]\nhttp://www.cbc.ca/fifth/episodes/40-years-of-the-fifth-estate/mk-ultra\nhttp://www.cbc.ca/news/canada/canadian-government-gag-order-mk-ultra-1.4448933\nhttp://www.nytimes.com/1992/11/19/world/canada-will-pay-50-s-test-victims.html\nhttp://coat.ncf.ca/our\_magazine/links/issue43/articles/1957\_1961\_canada.htm\nhttps://www.mcgilldaily.com/2012/09/mk-ultraviolence/"

knowing participant in this illegal activity," Rosenstein said. "There is no
allegation in the indictment that the charged conduct altered the outcome of the
2016 election."
Future proves past:
In an effort to preserve the integrity of all
U.S. elections, as ordered by the President of the United States, after an extensive
investigation in select counties (the 'sampling'), the DHS has concluded that while
Russian entities (as outlined within SC Mueller's investigation were complicit in
attempting to undermine the presidential election of 2016) had no direct impact or
bearing on the outcome of the presidential election, nor were any U.S. person(s)
knowingly part of such an attempt to sabotage as it relates to the Russian
investigation, U.S. and other foreign entities (as further described within
DHS[XXXX]), acting outside of Russian agents, did attempt on numerous occasions, and
were successful, in interfering w/ the presidential election of 2016, senate
elections of [x, y, z], [x] elections, whereby several million of illegal, non-
resident ballots (the "irregularities") were counted, while legal ballots were
improperly tabulated and/or intentionally mishandled. We believe these actions were
a coordinated attack against the democracy of our country.
The DHS will be
submitting a final report to the WH/DOJ/other state and local agencies outlining our
findings as early as March [ ], 2018. While this report only encompasses a sampling
of twenty-two (22) counties across the U.S., it is strongly suggested, based on the
evidence provided, that a mandated countrywide investigation begin under the
recommended US50-EIC guidelines as set forth in Section VII of the final report.
Furthermore, based on our immediate findings, we recommend the adoption of 8(E)(F)

as a way to disarm the citizenry. \nThis looks legit to me, astonishing as the
quotes are. What say you all? \nBehold a Pale Horse – Milton William (Bill) Cooper,
1991\nhttp://a.co/0IZY9ra\n\"Bill Cooper, former United States Naval Intelligence
Briefing Team member, reveals information that remains hidden from the public eye.
This information has been kept in topsecret government files since the 1940s. His
audiences hear the truth unfold as he writes about the assassination of John F.
Kennedy, the war on drugs, the secret government, and UFOs. Bill is a lucid,
rational, and powerful speaker whose intent is to inform and to empower his
audience. Standing room only is normal. His presentation and information transcend
partisan affiliations as he clearly addresses issues in a way that has a striking
impact on listeners of all backgrounds and interests. He has spoken to many groups
throughout the United States and has appeared regularly on many radio talk shows and
on television. In 1988 Bill decided to \"talk\" due to events then taking place
worldwide, events that he had seen plans for back in the early 1970s. Bill correctly
predicted the lowering of the Iron Curtain, the fall of the Berlin Wall, and the
invasion of Panama. All Bill's predictions were on record well before the events
occurred. Bill is not a psychic. His information comes from top secret documents
that he read while with the Intelligence Briefing Team and from over seventeen years
of research.\"",

Between September 2011 and November 2012, Douglas E. Schoen, a former political

It didn't make sense to me since free speech is already guaranteed in our constitution.\nBut, thinking logically, the one thing that would scare the data-mining cabal the most is an articulated right to privacy when using the internet.\nNo more data mining for ads. No more algorithms screwing up how we communicate with others on Facebook. No more capturing my favorite soda to sell to a competitor who might want to make me buy something else.\nAlso, and really important to me, is the right to be forgotten. It's already been adjudicated in Britain. Here's a bit of the detail:\nhttps://www.theguardian.com/technology/2013/apr/04/britain-opt-out-right-to-be-forgotten-law\nWe should have a right to disappear. \nSo if this continues to be a thing, think of it way beyond being censored for free speech. Think of it in terms of privacy, too. No more selling personal information. No more dedicated IPs to track your every move. No more email apps that pre-select your possible replies, because no more email being mined. \nMail could be configured with the same privacy rights as US mail, for example.\nLast I'll post on this one. But if it goes forward, please consider expanding the scope.\nAlso keep in mind that there's more than the WH petition site to make your ideas known. Most of us have senators and congressmen to represent us in Washington, D.C. Maybe talk to a real person?"

the drops are things for anons to dig on and make connections with, others are markers for future reference. \n>[future proves past] \nSome drops are just simply communication to the anons. \nwhat needs to be understood to appreciate whats going here is the fact the Q is basically creating a circular flow diagram that can be referenced and cross-checked with news releases. Q can't just disclose specifics about a situation or operation without violating security protocol. Instead they drop questions and statements that lead to answers that can be understood once the subject becomes public. This provides the validation necessary for the public to believe The Great Awakening is legit. Disinformation and misdirection with Q is real. In other words Q is pointing over there but really the focus is here and only until you publicly get the news can you go back and understand. (Think SA drops) All of this is accomplished without giving up specific details about the operation. It's quite genius.",

nHillary was in NZ (FIVEEYES), not only to raise funds (if that is the true story)

  "text": "\"Finally, be strong in the Lord and in his mighty power. Put on the
full armor of God so that you can take your stand against the devil's schemes. For
our struggle is not against flesh and blood, but against the rulers, against the
authorities, against the powers of this dark world and against the spiritual forces
of evil in the heavenly realms. Therefore put on the full armor of God, so that
when the day of evil comes, you may be able to stand your ground, and after you
have done everything, to stand. Stand firm then, with the belt of truth buckled
around your waist, with the breastplate of righteousness in place, and with your
feet fitted with the readiness that comes from the gospel of peace. In addition to
all this, take up the shield of faith, with which you can extinguish all the
flaming arrows of the evil one. Take the helmet of salvation and the sword of the
Spirit, which is the word of God. And pray in the Spirit on all occasions with all
kinds of prayers and requests. With this in mind, be alert and always keep on
praying for all the saints.\"
\n- Ephesians 6:10-18\n\"Love is patient, love is
kind. It does not envy, it does not boast, it is not proud. It is not rude, it is
not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does
not delight in evil but rejoices with the truth. It always protects, always trusts,
always hopes, always perseveres. Love never fails.\"

      "text": "North Korean leader Kim Jong Un visiting several Singapore
attractions on Monday night\nSINGAPORE - North Korean leader Kim Jong Un is spending
his second night in Singapore on a mini tour that includes some of the Republic's
best-known sights such as Gardens by the Bay and the Marina Bay Sands (MBS)
integrated resorts.\nAt around 9.10pm on Monday (June 11), his motorcade was seen
leaving the St Regis Hotel in the Tanglin area where his delegation is being housed
at, before driving past the Raffles City area towards Marina Bay.\nMr Kim, who
arrived in Singapore on Sunday ahead of his historic summit with United States
President Donald Trump in Sentosa on Tuesday, stopped by Gardens by the Bay first
and is expected to also visit the MBS SkyPark or the nearby Merlion Park.\nAt around
8pm, the observation deck of the 57th-storey sky park at the MBS, which offers
panoramic views of Marina Bay and the central business district, was closed off to
the public, ahead of its usual 10pm timing.\nMBS staff were seen polishing
fingerprints off the glass panels of the observation deck. The Straits Times also
saw a heavy security presence comprising MBS personnel and police officers.\nMr Kim,
who is North Korea's Chairman of the State Affairs Commission, may also visit other
sights such as the Esplanade performing arts centre.\nThe mini-city tour will cap a
rather quiet public schedule for Mr Kim on Monday, compared to his officials and Mr
Trump.\nApart from a meeting with Singapore's Prime Minister Lee Hsien Loong at the
Istana on Sunday evening, Mr Kim has not been seen stepping out of the St Regis
hotel in Orchard Road where he and his delegation are being housed at.\nIn contrast,
Mr Kim's officials were seen earlier on Monday meeting with Singapore and American
officials - making courtesy calls or engaging in last-minute talks over the one-day
summit.\nMr Trump met PM Lee and also members of the American community in
Singapore.\nhttps://www.straitstimes.com/singapore/north-korean-leader-kim-jong-un-visiting-several-singapore-attractions-on-monday-night",

determinations made by the Department in 2016 and 2017,\" Sessions said. He has
reviewed this report and, based on its findings and his own investigation, will
provide recommendations as to whether any matter not currently under investigation
should be opened, whether any matters currently under investigation require further

http://www.breitbart.com/big-government/2018/06/14/doj-ig-report-says-peter-
strzok-had-biased-state-of-mind/\nSC = restart w/ significantly less staff =
stupid\n(Reddit Summary)\n-Professor Turley is a very respected liberal law
professor and longtime civil libertarian. Has been critical of both parties over
the years.\n-Turley says the use of John Huber gives the IG the prosecutor he needs
to bring charges and seek indictments. (No need to go through RR which is
critical)\n-Huber is conducting a full-fledged criminal investigation into all the
matters Republicans are calling for a special counsel to investigate.\n-Huber has
been investigating these possible crimes for five months (Now seven), since
November 2017.\n-By giving the IG a prosecutor they can now go after the deep state
without looking like a political witch hunt. This is critical.\n-Sessions informed
Congress in his letter that all the matters recommended for investigation by
Goodlatte, Gowdy, and Grassley are \"fully within the scope of [Huber's] existing
```

mandate." He also informed the chairmen that Inspector General Michael Horowitz, who is working with Huber, has a staff of 470 investigators, giving Huber access to enormous investigative firepower that far exceeds the staff of any special counsel. (Who needs a SC with that type of manpower?)\n-The inspector general's jurisdiction to conduct civil and criminal investigations includes "actions taken by former employees after they have left government service." Then Huber can act on any of those matters.\n-This is HUGE A Grand Jury can be empaneled anywhere, in any deep red state, away from D.C. (This is very important and why Trump needed to appoint as many Judges as possible)\n-Huber and Horowitz can accomplish everything a SC can do.\n-If Sessions feels that charges should have been made that weren't, he can still appoint a SC to make that happen.\n-Huber is a lawyer from deep red Utah, not the D.C. swamp.\n-"If a special counsel were appointed, there would be a great deal of delay," Turley stated, versus the team of Huber and Horowitz, who are already five months into this investigation. (It's too late to even appoint a SC. Charges can be filed before midterms.)\n-From /u/ClardicFug - Huber and Horowitz were both appointed to their positions by the Obama administration. This helps optics a lot. Pretty much decimates the "Trumped rigged the investigation" argument that's sure to be made.\nhttp://www.breitbart.com/big-government/2018/03/31/turley-sessions-using-utah-federal-prosecutor-much-better-trump-2nd-special-counsel/\nQ"

Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.\" \n\n\"Be on your guard; stand firm in the faith; be courageous; be strong.\" \n\nQ"

power. Put on the full armor of God so that you can take your stand against the
devil's schemes. For our struggle is not against flesh and blood, but against the
rulers, against the authorities, against the powers of this dark world and against
the spiritual forces of evil in the heavenly realms. Therefore put on the full
armor of God, so that when the day of evil comes, you may be able to stand your
ground, and after you have done everything, to stand. Stand firm then, with the
belt of truth buckled around your waist, with the breastplate of righteousness in
place, and with your feet fitted with the readiness that comes from the gospel of
peace. In addition to all this, take up the shield of faith, with which you can
extinguish all the flaming arrows of the evil one. Take the helmet of salvation and
the sword of the Spirit, which is the word of God. And pray in the Spirit on all
occasions with all kinds of prayers and requests. With this in mind, be alert and
always keep on praying for all the saints.\n- Ephesians 6:10-18"

Maybe worn 2 times.. \n*\n>>MILAGROS are small metal religious charms found in many areas of Latin America, especially Guatemala & Mexico. The word \"Milagro\" means \"miracle\"or Offering( Exvotos). These small charms, often depicting arms, legs, praying people, farm animals and a wide range of other subjects are typically nailed or pinned to crosses or wooden statues of various saints like the Virgin Mary or Christ, sacred objects, pinned on the clothing of saint statues, or hung with little red ribbons or threads from altars and shrines. They are also carried for protection and good luck and thanks to Saints and Their animals. The 1848 repro Coin pendant is of Jos\u00e9 Rafael Carrera Turcios was the president of Guatemala from 1844 to 1848 and from 1851 until his death in 1865, after being appointed President for Life in 1854.",

      "text": "Special Prosecutor Tapped by Sessions to Investigate FISA Abuses HAS NOT Interviewed Bruce Ohr\nIn March, Attorney General Jeff Sessions announced
```

he would not be appointing a second special counsel to investigate crimes committed by Obama's FBI and DOJ. Rather, AG Sessions revealed U.S. Attorney John Huber will be the 'top federal prosecutor' who will be investigating FISA abuses. U.S. Attorney John Huber was first appointed to his position by Barack Obama in 2015. Five months into John Huber's FISA abuse investigation and he still has not interviewed twice-demoted DOJ official Bruce Ohr. Ohr is a key player in the FISA abuse scandal, so why hasn't he been interviewed by Huber or Mueller? Bruce Ohr was acting as a backchannel for dossier author Christopher Steele after the FBI terminated him in November of 2016 for breaking protocol by leaking to the media. "More of a reason to wonder how effective a US Attorney [John Huber] can be cleaning up corruption in Washington when he's based in Salt Lake City," investigative reporter, Paul Sperry said. Investigative reporter John Solomon also revealed Tuesday that Robert Mueller hasn't interviewed Bruce Ohr either. Bruce Ohr arrived at Capitol Hill Tuesday morning for a closed-door grilling from House Oversight and House Judiciary members over his contacts with dossier author Christopher Steele. GOP lawmakers said Tuesday afternoon that Bruce Ohr was being cooperative and answering questions at the closed-door deposition. Bruce Ohr, former FBI lawyer Lisa Page and Fusion GPS co-founder Glenn Simpson may be called back to testify together to iron out the discrepancies in their testimonies. What exactly is Mueller and Huber doing if they are not questioning key players like Bruce Ohr? Mueller's investigation into Russian "collusion" appears to be designed not to protect the country but to protect his former FBI/DOJ regime and their political espionage crimes, says Sperry. <https://www.thegatewaypundit.com/2018/08/special-prosecutor-tapped-by-sessions-to-investigate-fisa-abuses-has-not-interviewed-bruce-ohr/>,

proclamation-national-preparedness-month-2018/\nNational Preparedness Month is a time to focus our attention on the importance of preparing our families, homes, businesses, and communities for disasters that threaten our lives, property, and homeland. During this time, we also honor the brave men and women who selflessly respond to crises and disasters, rendering aid to those in need. These first responders, who work tirelessly to safeguard our Nation and protect our citizens, deserve our utmost gratitude and appreciation.\nOver the past year, communities nationwide and across the Territories have witnessed and endured damage from multiple hurricanes, wildfires, tornadoes, floods, volcanic eruptions, and other natural disasters. The historic hurricane season of 2017 included three catastrophic storms that made landfall within a month, and was followed by a destructive series of wildfires in California. Combined, these natural disasters affected 47 million people and tens of thousands were mobilized to provide aid, comfort, and assistance. We are also especially mindful of those currently affected by ongoing wildfires in California, Oregon, and Colorado. In spite of tremendous challenges, the resilience of the American people continues to prevail.\nTragedies are somber reminders that preparedness is a shared responsibility and that it is critical to maintain readiness. All Americans can prepare for potential disasters by developing and practicing a family emergency response plan, assembling a disaster supply kit, signing up for alerts on mobile devices, setting aside emergency savings, and maintaining adequate insurance policies for their homes and businesses. The Federal Emergency Management Agency's Ready Campaign outlines other important steps to best prepare for a major disaster.\nThis month, I encourage all Americans to take the opportunity to ensure they have an emergency response plan in place and ready to be properly executed. Emergencies and disasters test the resilience and strength of families, communities, and our Nation. It is impossible to avoid every challenge and threat, but we can and must prepare for them. By doing so, we can help protect our communities and save lives.\nNOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim September 2018 as National Preparedness Month. I encourage all Americans, including Federal, State, and local officials, to take action to be prepared for disaster or emergency by making and practicing their emergency response plans. Each step we take to become better prepared makes a real difference in how our families and communities will respond and persevere when faced with the unexpected.\nIN WITNESS WHEREOF, I have hereunto set my hand this thirty-first day of August, in the year of our Lord two thousand eighteen, and of the Independence of the United States of America the two hundred and forty-third.\nDONALD J. TRUMP"

SESSIONS should appoint a 2nd SC in DC aka THE CORRUPT SWAMP because unlike the

```

CLINTON EMAIL CORRUPT CASE [as demonstrated by the FBI/DOJ people FIRED/REMOVED] this will be conducted faithfully and honestly [like MUELLER] \nBut... HUBER has not 'directly' interviewed several witnesses therefore the appointment of HUBER by SESSIONS [and therefore the IG] is not genuine\nBut... SESSIONS & HUBER are following standard DOJ open/ongoing investigation policy by not discussing [making public] so therefore nothing must be happening [FIRE SESSIONS!]\nBut... HUBER [ability to prosecute + empanel a grand jury outside of DC [90%+ voted HRC (2016)], who already began the investigation(s) late last year w/ assigned team of 470 investigators (attorneys) + IG + legal jurisdiction across all 50 states, is not a 'special counsel' so therefore nothing is being done \nBut... POTUS is attacking SESSIONS via TWITTER so therefore he is not working on behalf of the people's interest (or POTUS') [D's/LEFT LOVE/TRUST SESSIONS!]\nBut... interestingly, if nothing is being done behind the scenes, why are so many FBI & DOJ senior officials being FIRED and/or REMOVED from their respective positions of power? Who is AG? Who must sign off on each removal? DOJ in charge of FBI?\nBut... interestingly, if nothing is being done behind the scenes, why are there 50,000+ sealed indictments across the US [what % = USA v. X]? Coincidence vs. HUBER start?\nBut... interestingly, if nothing is being done behind the scenes, why are many 'powerful' CEOs, members of Congress/Senate, resigning? Coincidence? Example: Pre\_POTUS did the SPEAKER OF THE HOUSE indicate wanting to leave politics? \nBut... interestingly, if nothing is being done behind the scenes, why are human trafficking arrests SURGING?\n.....\nClickbait & opinions vs logical thinking.\nDirect communication necessary.\nTrust yourself.\nThink for yourself. \nWWG1WGA!\nQ",

    "text": "Prosecutors use grand jury as investigation of Andrew McCabe intensifies\nFederal prosecutors have for months been using a grand jury to investigate former FBI deputy director Andrew McCabe – an indication the probe into whether he misled officials exploring his role in a controversial media disclosure has intensified, two people familiar with the matter said.\nThe grand jury has summoned more than one witness, the people said, and the case is ongoing. The people declined to identify those who had been called to testify.\nThe presence of the grand jury shows prosecutors are treating the matter seriously, locking in the accounts of witnesses who might later have to testify at a trial. But such panels are sometimes used only as investigative tools, and it remains unclear if McCabe will ultimately be charged.\nA spokesman for the U.S. attorney's office in D.C., which has been handling the probe, declined to comment, as did a spokeswoman for McCabe.\nhttps://www.washingtonpost.com/world/national-security/prosecutors-use-grand-jury-as-investigation-of-andrew-mccabe-intensifies/2018/09/06/aa922b2e-b137-11e8-9a6a-565d92a3585d_story.html?utm_term=.fad3ec121ae6"

And that is exactly what these texts are about. Whether or not Mr. Strzok and Lisa Page and others are indicted is certainly a question people can debate, but let me just say I know there is a grand jury underway, testimony is being taken about Strzok, Page, McCabe and others involved in this case and the reason we know it is that James Baker, the former general counsel of the FBI, as turned State's evidence is fully cooperating with the Inspector General and with the Federal Grand Jury. I can assure you, Mr. Comey has been very silent in recent weeks and the reason is very simple: he knows he's going to be indicted.\n\""

benefit would John Barlow's death provide?\nWhen was John Barlow murdered?\nDid John  
Barlow survive a murder attempt only to succumb to its lingering effects  
eventually?\nWashington Post:\nMeet the man whose utopian vision for the Internet  
conquered, and then warped, Silicon Valley\nBy Jacob Silverman\n\n\"To understand  
where this cyber-libertarian ideology came from, you have to understand the  
influence of \"A Declaration of the Independence of Cyberspace,\" one of the  
strangest artifacts of the '90s, and its singular author, John Perry Barlow.  
Perhaps more than any other, it's his philosophy – which melded countercultural  
utopianism, a rancher's skepticism toward government and a futurist's faith in the  
virtual world – that shaped the industry.\n\n\"A Declaration of the Independence of  
Cyberspace\" was an utterly serious document for a deliriously optimistic era\n\nBarlow's 846-word text, published online in February 1996, begins with a bold  
rebuttal of traditional sovereign powers: \"Governments of the Industrial World, you  
weary giants of flesh and steel, I come from Cyberspace, the new home of Mind. On  
behalf of the future, I ask you of the past to leave us alone. You are not welcome  
among us. You have no sovereignty where we gather.\" He then explains how cyberspace  
is a place of ultimate freedom, where conventional laws don't apply.\n\nWhen Eric  
Schmidt describes the Internet, however misguided, as \"the world's largest  
ungoverned space\" in his book \"The New Digital Age,\" he is borrowing Barlow's  
rhetoric. When tech mogul Peter Thiel writes, in \"The Education of a Libertarian,\"  
that he founded PayPal to create a currency free from government control and that  
\"by starting a new Internet business, an entrepreneur may create a new world,\" it's  
impossible not to hear\n\nBarlovian\n\n echoes. (That grandiose attitude is so common  
now that HBO has a comedy, \"Silicon Valley,\" dedicated to mocking  
it.)\n\nhttps://www.washingtonpost.com/opinions/how-one-mans-utopian-vision-for-

was published on March 20, 2015\n\nBarlow suffered a near-fatal heart attack on May  
27, 2015. He later reported that he was recovering.\n\nJohn Perry Barlow - 187 post  
name [DROP]\n187 = murder\npost = Washington Post\nBarlovian = name [DROP]\nQ  
suggests John Barlow was murdered for his ability to influence through his  
activities in the Freedom of the Press Foundation. The Washington Post article  
highlights Barlow's ability to influence wealthy technocapitalists towards his  
idealistic goals.\n\n@Snowden\n\nYou are now a liability.\n\nFreedom of the Press  
Foundation (FPF) is a non-profit organization founded in 2012 to fund and  
support free speech and freedom of the press.\n\nIts mission includes\n\n\"promoting and  
funding aggressive, public-interest journalism focused on exposing mismanagement,  
corruption, and law-breaking in government\n\nIf wealthy people support Barlow's  
idealistic goals then they might help support the Freedom of the Press Foundation's  
goals,\n\n\"promoting and funding aggressive, public-interest journalism focused on  
exposing mismanagement, corruption, and law-breaking in government.\n\n\nEdward  
Snowden has moved in to the position which was vacant due to Barlow's death. Q is  
stating Edward Snowden is identified as a liability by the same individuals who  
caused John Barlow's 187.\n\nOther Unanswered Questions:\n\nWhose crimes are threatened  
to be exposed by John Barlow's activities?\n\nWas John Barlow's relationship with Dick  
Cheney part of the motive that led to his death?\n\nWas the heart related death of  
Barlow's girlfriend Cynthia Horner a botched first attempt to murder John Barlow?\n\nJohn Barlow was engaged to Cynthia Horner, a doctor whom he met in 1993 at  
the Moscone Center in San Francisco while she was attending a psychiatry conference  
and Barlow was participating in a Steve Jobs comedy roast at a convention for  
the NeXT Computer. Cynthia Horner died unexpectedly in 1994 while asleep on a

  "text": "Your Country Needs You.\nYour Vote Matters!\nWe, the People.\nhttps://www.youtube.com/watch?v=DWYrcnehito\nThe Time is Now.\nPatriots Fight!\n\n\"Finally, be strong in the Lord and in his mighty power. Put on the full armor of God so that you can take your stand against the devil's schemes. For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms. Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand. Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, and with your feet fitted with the readiness that comes from the gospel of peace. In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. Take the helmet of salvation and the sword of the Spirit, which is the word of God. And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the saints.\"\n\n- Ephesians 6:10-18\n\n\"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. -That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, -That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.\"\n\n- Declaration of Independence\n\nWe Will Do Our Job to Protect the Vote.\nWill You Do Yours?\nWill You Answer the Call?\nWWG1WGA!!!\nQ"

breaking news right now, Sean. Just two hours ago, federal prosecutors assigned to
John Huber, the [Utah] US Attorney investigating the Clintons, reached out to a
whistleblower in the Clinton Foundation, [this is the] first time we've seen
contact between a Clinton Foundation whistleblower and that particular federal
office. That just happened tonight.\nHANNITY: Are you talking about the one who's
home was raided?\nJOHN S.:No, this is a new--a different whistleblower that you
might....you'll learn a lot on Monday, I betcha.\nHANNITY: All right, we'll learn a
lot more on Monday. Sara, last word.\nSARA: We need to keep our eyes--\nHANNITY:
What's the preview of Monday's coming attraction?\nSARA (big laugh): I think we've
got a lot to look forward to on Monday, Sean. And I think the American people are
going to see that there was [something] happening behind the scenes at the FBS as
well as the Dept of Justice. And Michael Horowitz has been doing a very deep dive
into this...There's gonna be a lot of breaking news in the next month and [in] the
months to come.\nHANNITY: Amazing the year of the boomerang. We were right all
along. It continues.\nhttps://www.youtube.com/watch?v=CFhgS8VR58s \n~20:20"

"text": "[RBG]\nWhy was she 'selected'? \nWho appointed her? \nRemember [her] history. \nRef: 230-page book called Sex Bias in the U.S. Code, published in 1977 by the U.S. Commission on Civil Rights. \nHighlights: \n>Called for the sex-integration of prisons and reformatories so that conditions of imprisonment, security and housing could be equal. She explained, "If the grand design of such institutions is to prepare inmates for return to the community as persons equipped to benefit from and contribute to civil society, then perpetuation of single-sex institutions should be rejected." (Page 101) \n>Called for the sex-integration of Boy Scouts and Girl Scouts because they "perpetuate stereotyped sex roles." (Page 145) \n>Insisted on sex-integrating "college fraternity and sorority chapters" and replacing them with "college social societies." (Page 169) \n>Cast constitutional doubt on the legality of "Mother's Day and Father's Day as separate holidays." (Page 146) \n>Called for reducing the age of consent for sexual acts to people who are "less than 12 years old." (Page 102) \n>Asserted that laws against "bigamists, persons cohabiting with more than one woman, and women cohabiting with a bigamist" are unconstitutional. (Page 195) \n>Objected to laws against prostitution because "prostitution, as a consensual act between adults, is arguably within the zone of privacy protected by recent constitutional decisions." (Page 97) \n>Ginsburg wrote that the Mann Act (which punishes those who engage in interstate sex traffic of women and girls) is "offensive." Such acts should be considered "within the zone of privacy." (Page 98) \n>Demanded that we "firmly reject draft or combat exemption for women," stating "women must be subject to the draft if men are." But, she added, "the need for affirmative action and for transition measures is particularly strong in the uniformed services." (Page 218) \n>An indefatigable censor, Ginsburg listed hundreds of "sexist" words that must be eliminated from all statutes. Among words she found offensive were: man, woman, manmade, mankind, husband, wife, mother, father, sister, brother, son, daughter, serviceman, longshoreman, postmaster, watchman, seamanship, and "to man" (a vessel). (Pages 15-16) \n>Wanted he, she, him, her, his, and hers to be dropped down the memory hole. They must be replaced by he/she, her/him, and hers/his, and federal statutes must use the bad grammar of "plural constructions to avoid third person singular pronouns." (Page 52-53) \n>Condemned the Supreme Court's ruling in Harris v. McRae and claimed that taxpayer-funded abortions should be a constitutional right. \nhttp://humanevents.com/2005/08/23/senators-overlooked-radical-record-of-ruth-bader-ginsburg/\nWho are the doctors 'currently' treating [RBG]? \nWhat other political [former/current] sr. political heads are they affiliated w/? \nWhat 'off-market' drugs are being provided to [RBG] in order to sustain minimum daily function? \nWhat is the real medical diagnosis of [RBG]? \nWho is managing her care? \nWho is 'really' managing her care? \n\nThe clock is ticking. \n\nPANIC IN DC. \n\nQ"

Commission on Civil Rights.\nHighlights:\n>Called for the sex-integration of prisons and reformatories so that conditions of imprisonment, security and housing could be equal. She explained, "If the grand design of such institutions is to prepare inmates for return to the community as persons equipped to benefit from and contribute to civil society, then perpetuation of single-sex institutions should be rejected." (Page 101)\n>Called for the sex-integration of Boy Scouts and Girl Scouts because they "perpetuate stereotyped sex roles." (Page 145)\n>Insisted on sex-integrating "college fraternity and sorority chapters" and replacing them with "college social societies." (Page 169)\n>Cast constitutional doubt on the legality of "Mother's Day and Father's Day as separate holidays." (Page 146)\n>Called for reducing the age of consent for sexual acts to people who are "less than 12 years old." (Page 102)\n>Asserted that laws against "bigamists, persons cohabiting with more than one woman, and women cohabiting with a bigamist" are unconstitutional. (Page 195)\n>Objected to laws against prostitution because "prostitution, as a consensual act between adults, is arguably within the zone of privacy protected by recent constitutional decisions." (Page 97)\n>Ginsburg wrote that the Mann Act (which punishes those who engage in interstate sex traffic of women and girls) is "offensive." Such acts should be considered "within the zone of privacy." (Page 98)\n>Demanded that we "firmly reject draft or combat exemption for women," stating "women must be subject to the draft if men are." But, she added, "the need for affirmative action and for transition measures is particularly strong in the uniformed services." (Page 218)\n>An indefatigable censor, Ginsburg listed hundreds of "sexist" words that must be eliminated from all statutes. Among words she found offensive were: man, woman, manmade, mankind, husband, wife, mother, father, sister, brother, son, daughter, serviceman, longshoreman, postmaster, watchman, seamanship, and "to man" (a vessel). (Pages 15-16)\n>Wanted he, she, him, her, his, and hers to be dropped down the memory hole. They must be replaced by he/she, her/him, and hers/his, and federal statutes must use the bad grammar of "plural constructions to avoid third person singular pronouns." (Page 52-53)\n>Condemned the Supreme Court's ruling in Harris v. McRae and claimed that taxpayer-funded abortions should be a constitutional right.\nhttp://humanevents.com/2005/08/23/senators-overlooked-radical-record-of-ruth-bader-ginsburg/\nWho are the doctors 'currently' treating [RBG]? \nWhat other political [former/current] sr. political heads are they affiliated w/? \nWhat 'off-market' drugs are being provided to [RBG] in order to sustain minimum daily function? \nWhat is the real medical diagnosis of [RBG]? \nWho is managing her care? \nWho is 'really' managing her care? \n\nThe clock is ticking.\n\nPANIC IN DC.\n\nQ"

I love you so much.\nI have to go take a very sick dog to the vet to get put down, tonight, because her cancer has gone too far. If my significant other were still alive, I'd reach out. But brain cancer got him a few years ago. If my parents and bestest friend were alive, I'd reach out to them. But they're all in Heaven now, too. \nSo you guys are the ones I know I can lean on for a little support, cuz saying goodbye - even to a bloody old doggy - can be so hard.\nOur time together, here with Q, has taught me how connected we are, even though we may never meet. I thank God for you guys, and I'll stay strong for my suffering pal tonight, because WWG1WGA.\nYou guys helped me say goodbye to a very old dog last winter, too. You helped me so much. I will introduce you all to my loved ones when we meet in Heaven some day.\nFor now, thank you, frens, for letting me share my sadness. I need to stay strong for some upcoming battles, and you help me more than my words can ever convey."

  "text": "The Armor of God\nFinally, be strong in the Lord and in his mighty
power. Put on the full armor of God, so that you can take your stand against the
devil's schemes. For our struggle is not against flesh and blood, but against the
rulers, against the authorities, against the powers of this dark world and against
the spiritual forces of evil in the heavenly realms. Therefore put on the full
armor of God, so that when the day of evil comes, you may be able to stand your
ground, and after you have done everything, to stand. Stand firm then, with the
belt of truth buckled around your waist, with the breastplate of righteousness in
place, and with your feet fitted with the readiness that comes from the gospel of
peace. In addition to all this, take up the shield of faith, with which you can

extinguish all the flaming arrows of the evil one. Take the helmet of salvation and the sword of the Spirit, which is the word of God. endowed by their Creator with certain unalienable Rights, that among these are
Life, Liberty and the pursuit of Happiness. – That to secure these rights,
Governments are instituted among Men (& Women), deriving their just powers from the

of these ends, it is the Right of the People to alter or to abolish it, and to
institute new Government, laying its foundation on such principles and organizing
its powers in such form, as to them shall seem most likely to effect their Safety

should not be changed for light and transient causes; and accordingly all
experience hath shewn that mankind are more disposed to suffer, while evils are
sufferable than to right themselves by abolishing the forms to which they are
accustomed. But when a long train of abuses and usurpations, pursuing invariably
the same Object evinces a design to reduce them under absolute Despotism, it is
their right, it is their duty, to throw off such Government, and to provide new

Responding to post 2996 Q says, "how is that possible for a 'supposed' non_gov entity?" \nHow is it possible that FB tracks data even when the app is deleted? In post 2993 (3/7/109) Q is calling out @Snowden. So I used the filter to find posts relating to WikiLeaks. Q's post from July 31, 2018 is a screenshot of the Wikileaks Vault 7... released MARCH 7. Sounds confusing just trying to show you my thought process, stay with me, it makes sense. \n"Unlike bullets, bombs or missiles, most CIA malware is designed to live for days or even years after it has reached its 'target'. CIA malware does not \"explode on impact\" but rather permanently infests its target. In order to infect target's device, copies of the malware must be placed on the target's devices, giving physical possession of the malware to the target. To exfiltrate data back to the CIA or to await further instructions the malware must communicate with CIA Command & Control (C2) systems placed on internet connected servers. But such servers are typically not approved to hold classified information, so CIA command and control systems are also made unclassified." FROM VAULT 7\nLinks below that direct you to user forums on how to not leave a digital fingerprint that can be associated with the CIA, and how to construct an imitation fingerprint. Using Facebook as their 'fingerprint' they are able to install malware on peoples' phones, tablets, and computers which relay all data back to a central server using HIVE. \nI suggest all anons who have given up life to research this shit like me should read this document to completion. \nI noticed the enormous amount of comparisons between "packets of data" and "bombs", dunno why probably just autistic. I looked back in the Qmap and on March 5, 2019 an anon posted how London Police "called them bombs not suspicious packages" Q responds in 2974 with "Fire". \nI went into Vault 7 Projects, search

```

for "fire"... \n"Angelfire is an implant comprised of five components: Solartime, Wolfcreek, Keystone (previously MagicWand), BadMFS, and the Windows Transitory File system" \nFUCKING KEYSTONE KEK\n"Keystone is part of the Wolfcreek implant and responsible for starting malicious user applications. Loaded implants never touch the file system, so there is very little forensic evidence that the process was ever ran." This makes post Q 381 much easier to understand\n"We Won't telegraph our moves to the ENEMY.\nWe will however light a FIRE to flush them out." \nQ\nQ is saying that they are using the Angelfire to predict the Deep State's moves without being detected. In the user files it says a key must be used to open magicwand (keystone). In Q post 270 he says that ADM R/NSA (W&W) + POTUS/USMIL = Apply the Keystone. Paint the Picture. In post 167 Q says POTUS opened the door of all doors. Expand your thinking. What is the keystone? Now this could be confirmation bias but based off of what we just read we can now infer that Q was saying trump gave Admiral Rogers permission to use Keystone and Activate malware in order to collect data on DS. Furthermore who uses a magicwand? A wizard. (W&W)"

Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer, while evils are sufferable than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. \nYou are witnessing the systematic destruction of the OLD GUARD.\nQ"

      "text": "Trump threatens worse trade deal for China if Beijing stalls
until after his re-election \n US President Donald Trump has once again criticized
China's trade practices, warning negotiations could get tougher. The statements
come as Beijing and Washington are headed into another round of trade negotiations
in Shanghai.\nIn a series of tweets on Tuesday, Trump warned if China waits and he
wins re-election, the trade deal will be much tougher for Beijing.\n"China is doing
very badly, worst year in 27 - was supposed to start buying our agricultural
product now - no signs that they are doing so. That is the problem with China, they
just don't come through," Trump wrote.\nMy team is negotiating with them now, but
they always change the deal in the end to their benefit. They should probably wait
out our Election to see if we get one of the Democrat stiffos like Sleepy Joe. Then
they could make a GREAT deal, like in past 30 years, and continue to ripoff the
USA, even bigger and better than ever before."\nUS Treasury Secretary Steven
Mnuchin and Trade Representative Robert Lighthizer will meet on Tuesday and
Wednesday in Shanghai with a delegation led by China's Vice Premier Liu He.\n
According to Trump, "The problem with them waiting, however, is that if & when I
win, the deal that they get will be much tougher than what we are negotiating now...
or no deal at all. We have all the cards, our past leaders never got it!"\n

\nWhat happens when the news is no longer trustworthy?\nWhat happens when the news

\nFiction becomes fact?\nWhen does news become propaganda?\nIdentity creation?\nHow
does the average person, who is under constant financial stress (by design), find
time to research and discern fact v fiction? \nMajority of people more prone to
believe someone in power sitting behind a big brand 'news' name?\nDo people [human

isolated and/or shunned?\n'Mainstream' is used for a reason [dominate trend in

\nWhy do 'mainstream' media heads, within different orgs, always use the same

to believe something if heard over-and-over again by different 'trusted' sources? \

opinion].\n[If majority of people believe 'x' then 'x' must be validated / true]\nWhy do 'mainstream' media heads, within different orgs, always use the same keywords and/or catch phrases? \nCoordinated? By who? Outside entity providing instructions?\nDo they count on the fact that people [human psyche] are more prone to believe something if heard over-and-over again by different 'trusted' sources? \nDo 'echo chamber' tactics provide validation / credibility to the topic/point being discussed? \nThreat to intellectual freedom? \nWould control over[of] these institutions/organizations allow for the mass control of a populations viewpoint re: a desired topic? \nRead again - digest. \nWould control over[of] these institutions/organizations allow for the mass control of a populations viewpoint re: a desired topic? \nLogical thinking. \nWhy, after the election of 2016, did [D]'s and media corps jumpstart a [coordinated & planned] divisive blitz intended to create falsehoods re: illegitimacy of election, character assassination of POTUS through sexism, racism, every other 'ism'? \nPre/post 2016 election?\nWhy were violent [masked] terror orgs such as Antifa immediately created/funded?\nWhy were these orgs tasked w/ immediate intimidation/shut down of any pro-POTUS rally[s] and/or events? \nWhy were marches immediately organized to counter and silence pro-POTUS rally[s] and/or events?\nWhy were marches immediately organized which divided people into sex/gender, race, [ism]?\nWhen you control the levers of news dissemination, you control the narrative.\nControl of the narrative = power\nWhen you are blind, what do you see?\nThey want you divided.\nDivided by religion.\nDivided by sex.\nDivided by political affiliation. \nDivided by class.\nWhen you are divided, and angry, and controlled, you target those 'different' from you, not those responsible [controllers].\nDivided you are weak.\nDivided you pose no threat to their control. \nWhen 'non-dogmatic' information becomes FREE & TRANSPARENT it becomes a threat to those who attempt to control the narrative and/or stable [livestock kept - sheep].\nWhen you are awake, you stand on the outside of the stable ('group-think' collective), and have 'free thought'. \n\n"Free thought" is a philosophical viewpoint which holds that positions regarding truth should be formed on the basis of logic, reason, and empiricism, rather than authority, tradition, revelation, or dogma. \nTHIS REPRESENTS A CLEAR AND PRESENT DANGER TO THE CONSTITUTIONAL REPUBLIC OF THE UNITED STATES OF AMERICA.\nQ"

the paper dated July 9, concerned the volume of the supposedly hacked material and
what is called the transfer rate—the time a remote hack would require. The metadata
established several facts in this regard with granular precision: On the evening of
July 5, 2016, 1,976 megabytes of data were downloaded from the DNC's server. The
operation took 87 seconds. This yields a transfer rate of 22.7 megabytes per
second.\nThese statistics are matters of record and essential to disproving the
hack theory. No Internet service provider, such as a hacker would have had to use
in mid-2016, was capable of downloading data at this speed. Compounding this
contradiction, Guccifer claimed to have run his hack from Romania, which, for
numerous reasons technically called delivery overheads, would slow down the speed
of a hack even further from maximum achievable
speeds.\nhttps://www.thenation.com/article/a-new-report-raises-big-questions-about-
last-years-dnc-hack/",

Night\nI end a lot of articles about how the Democrats really feel about you by
telling you to vote accordingly, but Trump's State of the Union speech highlighted
the Democrat's utter contempt for President Donald Trump, you, and this country
last night as they sat through almost every applause line that celebrated you doing
well.\nAs the GOP highlighted in a video they posted to Twitter, the Democrats
heard about the all-time low unemployment levels of the black community, the
Hispanic community, the young adult community, and more. This should be a reason to
celebrate. We should see our elected leaders getting to their feet and showing
support, but instead only half the room decided to stand.\nThe other half, the
Democrats, sat still, arms folded, and practically seethed at times.\n  Reminder
for Democrats: It's ok to applaud good news. pic.twitter.com/wH0DKNqx3D\n  - GOP

to create falsehoods re: illegitimacy of election, character assassination of POTUS
through sexism, racism, every other 'ism'? \nPre/post 2016 election?\nWhy were

nFinally, be strong in the Lord and in his mighty power. Put on the full armor of
God, so that you can take your stand against the devil's schemes. For our struggle
is not against flesh and blood, but against the rulers, against the authorities,
against the powers of this dark world and against the spiritual forces of evil in
the heavenly realms. Therefore put on the full armor of God, so that when the day
of evil comes, you may be able to stand your ground, and after you have done
everything, to stand. Stand firm then, with the belt of truth buckled around your
waist, with the breastplate of righteousness in place, and with your feet fitted
with the readiness that comes from the gospel of peace. In addition to all this,
take up the shield of faith, with which you can extinguish all the flaming arrows
of the evil one. Take the helmet of salvation and the sword of the Spirit, which is
the word of God.\nAnd pray in the Spirit on all occasions with all kinds of prayers
and requests. With this in mind, be alert and always keep on praying for all the
Lord's people.\nQ"

to circumstances.\n>American counterinsurgency practice rests on a number of assumptions: that the decisive effort is rarely military (although security is the essential prerequisite for success); that our efforts must be directed to the creation of local and national governmental structures that will serve their populations, and, over time, replace the efforts of foreign partners; that superior knowledge, and in particular, understanding of the 'human terrain' is essential; and that we must have the patience to persevere in what will necessarily prove long struggles.\n>Insurgency, however, can and will flourish in the\nmodern environment. The strains created by globalization, by the collapse of weak state structures, by demographic, environmental, and economic pressures, by the ease of cooperation among insurgent groups and criminals, and by the appearance of destructive radical ideologies, all augur a period in which free and moderate governance is at risk. \n[Insurgency is the organized use of subversion and violence to seize, nullify or chal- lenge political control of a region. As such, it is primarily a political struggle, in which both sides use armed force to create space for their political, economic and influence activities to be effective. Insurgency is not always conducted by a single group with a centralized, military-style command structure, but may involve a complex matrix of different actors with various aims, loosely connected in dynamic and non-hierarchical networks. To be successful, insurgencies require charismatic leadership, supporters, recruits, supplies, safe havens and funding (often from illicit activities). They only need the active support of a few enabling individuals, but the passive acquiescence of a large proportion of the contested population will give a higher probability of success. This is best achieved when the political cause of the insurgency has strong appeal, manipulating religious, tribal or local identity to exploit common societal grievances or needs. Insurgents seek to gain control of populations through a combination of persuasion, subversion and coercion while using guerrilla tactics to offset the strengths of government security forces. Their intent is usually to protract the struggle, exhaust the government and win sufficient popular support to force capitulation or political accommodation. Consequently, insurgencies evolve through a series of stages, though the progression and outcome will be different in almost every case.]\nQ"

  "text": "The Armor of God\nFinally, be strong in the Lord and in his mighty power. Put on the full armor of God, so that you can take your stand against the devil's schemes. For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms. Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand. Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, and with your feet fitted with the readiness that comes from the gospel of peace. In addition to all this, take up the shield of faith, with which you can extinguish all the flaming arrows of the evil one. Take the helmet of salvation and the sword of the Spirit, which is the word of God.\nAnd pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the Lord's people.\nQ"

"text": "https://2009-2017.state.gov/documents/organization/119629.pdf\nIrregular warfare.\nInsurgency.\nInsurgency is the organized use of subversion and violence to seize, nullify or challenge political control of a region. As such, it is primarily a political struggle, in which both sides use armed force to create space for their political, economic and influence activities to be effective. Insurgency is not always conducted by a single group with a centralized, military-style command structure, but may involve a complex matrix of different actors with various aims, loosely connected in dynamic and non-hierarchical networks. To be successful, insurgencies require charismatic leadership, supporters, recruits, supplies, safe havens and funding (often from illicit activities). They only need the active support of a few enabling individuals, but the passive acquiescence of a large proportion of the contested population will give a higher probability of success. This is best achieved when the political cause of the insurgency has strong appeal, manipulating religious, tribal or local identity to exploit common societal grievances or needs. Insurgents seek to gain control of populations through a combination of persuasion, subversion and coercion while using guerrilla tactics to offset the strengths of government security forces. Their intent is usually to protract the struggle, exhaust the government and win sufficient popular support to force capitulation or political accommodation. Consequently, insurgencies evolve through a series of stages, though the progression and outcome will be different in almost every case.\nLocation(s) [cities] loss-of-control?\n[D] controlled?\nDefine 'stand down' [safe haven] order.\nDefine 'organized' group.\nCoordination of 'organized' [& funded] group(s) in [D] controlled 'safe haven' cities across US [pre\_knowledge to group(s)]?\nhttps://banks.house.gov/news/documentsingle.aspx?DocumentID=1548\nhttps://fitzpatrick.house.gov/media-center/press-releases/fitzpatrick-condemns-antifa-and-political-violence\nhttps://thehill.com/homenews/senate/454038-2-republican-senators-introduce-resolution-to-label-antifa-as-domestic\nThank you for playing.\nHave a Nice Day.\nQ"

  "text": "https://2009-2017.state.gov/documents/organization/119629.pdf\n
Insurgency can be defined as 'the organized use of subversion and violence to
seize, nullify, or challenge political control of a region.'\nInsurgents seek to
subvert or displace the government and completely or partially control the
resources and population of a given territory. They do so through the use of force
(including guerrilla warfare, terrorism and coercion/intimidation), propa- ganda,
subversion and political mobilization. Insurgents fight government forces only to
the extent needed to achieve their political aims: their main effort is not to kill
counterinsurgents, but rather to establish a competitive system of control over the
population, making it impossible for the government to administer its territory and
people. Insurgent activity is therefore designed to weaken government control and
legitimacy while increasing insurgent control and influence.\nInsurgents require
supporters, recruits, safe havens, money, supplies, weapons and intelligence on
government actions. A robust insurgency can be waged with the support of just a
small percentage of a given population.\nNEXT:\nCounterinsurgency may be defined as
'comprehensive civilian and military efforts taken to simultaneously defeat and

contain insurgency and address its root causes'.\nQ"

Armor of God\nFinally, be strong in the Lord and in his mighty power. Put on the
full armor of God, so that you can take your stand against the devil's schemes. For
our struggle is not against flesh and blood, but against the rulers, against the
authorities, against the powers of this dark world and against the spiritual forces
of evil in the heavenly realms. Therefore put on the full armor of God, so that
when the day of evil comes, you may be able to stand your ground, and after you
have done everything, to stand. Stand firm then, with the belt of truth buckled
around your waist, with the breastplate of righteousness in place, and with your
feet fitted with the readiness that comes from the gospel of peace. In addition to
all this, take up the shield of faith, with which you can extinguish all the
flaming arrows of the evil one. 17 Take the helmet of salvation and the sword of
the Spirit, which is the word of God.\nAnd pray in the Spirit on all occasions with
all kinds of prayers and requests. With this in mind, be alert and always keep on

of human events it becomes necessary for one people to dissolve the political bands
which have connected them with another and to assume among the powers of the earth,
the separate and equal station to which the Laws of Nature and of Nature's God
entitle them, a decent respect to the opinions of mankind requires that they should
declare the causes which impel them to the separation.\nWe hold these truths to be
self-evident, that all men are created equal, that they are endowed by their
Creator with certain unalienable Rights, that among these are Life, Liberty and the
pursuit of Happiness. – That to secure these rights, Governments are instituted
among Men, deriving their just powers from the consent of the governed, – That
whenever any Form of Government becomes destructive of these ends, it is the Right
of the People to alter or to abolish it, and to institute new Government, laying
its foundation on such principles and organizing its powers in such form, as to
them shall seem most likely to effect their Safety and Happiness. Prudence, indeed,
will dictate that Governments long established should not be changed for light and
transient causes; and accordingly all experience hath shewn that mankind are more
disposed to suffer, while evils are sufferable than to right themselves by
abolishing the forms to which they are accustomed. But when a long train of abuses
and usurpations, pursuing invariably the same Object evinces a design to reduce
them under absolute Despotism, it is their right, it is their duty, to throw off
such Government, and to provide new Guards for their future security. – Such has
been the patient sufferance of these Colonies; and such is now the necessity which
constrains them to alter their former Systems of Government.\nQ"

```

Union Soldiers during the Civil War in a fight to abolish slavery [v Confederate Democrats].\nThe Flag of Lincoln. \nIt was considered a great honor to be chosen to carry the flag in battle. \nThe Soldier was unarmed and knew they would most certainly die (as did most who fought), but understood that the fight, that their lives, was worth the cost (self-sacrifice). \nThey believed in something greater than themselves.\nTo them, the flag represented a symbol of freedom, of hope, of equality and prosperity. \nTo disrespect the flag, to kneel, is to disrespect those people who fought and died to provide each and every one of us the rights we are afforded today. \nOld Glory knows not what color skin carries her - only that for which it stands - one Nation under God, indivisible, with Liberty and JUSTICE FOR ALL. \nTO FREE FROM OPPRESSION.\n"Freedom is never more than one generation away from extinction. We didn't pass it on to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free." - Reagan\nQ"

actions against state officials for damages arising out of willful and negligent
disregard of state laws.165 The reach of the rule is evident in Scheuer v.
Rhodes,166 in which the Court held that plaintiffs were not barred by the Eleventh
Amendment or other immunity doctrines from suing the governor and other officials
of a state alleging that they deprived plaintiffs of federal rights under color of
state law and seeking damages, when it was clear that plaintiffs were seeking to
impose individual and personal liability on the officials. There was no \"executive

qualified and varies according to the scope of discretion and responsibilities of
the particular office and the circumstances existing at the time the challenged
action was taken.\n\nQ"

"text": "[1]\\nJune 7, 2020\\nHoly Trinity Sunday\\nMr. President,\\nIn recent
months we have been witnessing the formation of two opposing sides that I would
call Biblical: the children of light and the children of darkness. The children of
light constitute the most conspicuous part of humanity, while the children of
darkness represent an absolute minority. And yet the former are the object of a
sort of discrimination which places them in a situation of moral inferiority with
respect to their adversaries, who often hold strategic positions in government, in
politics, in the economy and in the media. In an apparently inexplicable way, the
good are held hostage by the wicked and by those who help them either out of self-
```

interest or fearfulness.\nThese two sides, which have a Biblical nature, follow the clear separation between the offspring of the Woman and the offspring of the Serpent. On the one hand, there are those who, although they have a thousand defects and weaknesses, are motivated by the desire to do good, to be honest, to raise a family, to engage in work, to give prosperity to their homeland, to help the needy, and, in obedience to the Law of God, to merit the Kingdom of Heaven. On the other hand, there are those who serve themselves, who do not hold any moral principles, who want to demolish the family and the nation, exploit workers to make themselves unduly wealthy, foment internal divisions and wars, and accumulate power and money: for them the fallacious illusion of temporal well-being will one day - if they do not repent - yield to the terrible fate that awaits them, far from God, in eternal damnation.\nWe will also discover that the riots in these days were provoked by those who, seeing that the virus is inevitably fading and that the social alarm of the pandemic is waning, necessarily have had to provoke civil disturbances, because they would be followed by repression which, although legitimate, could be condemned as an unjustified aggression against the population. The same thing is also happening in Europe, in perfect synchrony. It is quite clear that the use of street protests is instrumental to the purposes of those who would like to see someone elected in the upcoming presidential elections who embodies the goals of the deep state and who expresses those goals faithfully and with conviction. It will not be surprising if, in a few months, we learn once again that hidden behind these acts of vandalism and violence there are those who hope to profit from the dissolution of the social order so as to build a world without freedom: Solve et Coagula, as the Masonic adage teaches.\nAlthough it may seem disconcerting, the opposing alignments I have described are also found in religious circles. There are faithful Shepherds who care for the flock of Christ, but there are also mercenary infidels who seek to scatter the flock and hand the sheep over to be devoured by ravenous wolves. It is not surprising that these mercenaries are allies of the children of darkness and hate the children of light: just as there is a deep state, there is also a deep church that betrays its duties and forswears its proper commitments before God. Thus the Invisible Enemy, whom good rulers fight against in public affairs, is also fought against by good shepherds in the ecclesiastical sphere. It is a spiritual battle, which I spoke about in my recent Appeal which was published on May 8. In society, Mr. President, these two opposing realities co-exist as eternal enemies, just as God and Satan are eternal enemies. And it appears that the children of darkness - whom we may easily identify with the deep state which you wisely oppose and which is fiercely waging war against you in these days - have decided to show their cards, so to speak, by now revealing their plans. They seem to be so certain of already having everything under control that they have laid aside that circumspection that until now had at least partially concealed their true intentions. The investigations already under way will reveal the true responsibility of those who managed the COVID emergency not only in the area of health care but also in politics, the economy, and the media. We will probably find that in this colossal operation of social engineering there are people who have decided the fate of humanity, arrogating to themselves the right to act against the will of citizens and their representatives in the governments of nations.\n\_\n\_"

"text": "[2]\nFor the first time, the United States has in you a President
who courageously defends the right to life, who is not ashamed to denounce the
persecution of Christians throughout the world, who speaks of Jesus Christ and the
right of citizens to freedom of worship. Your participation in the March for Life,
and more recently your proclamation of the month of April as National Child Abuse
Prevention Month, are actions that confirm which side you wish to fight on. And I
dare to believe that both of us are on the same side in this battle, albeit with
different weapons.\nFor this reason, I believe that the attack to which you were
subjected after your visit to the National Shrine of Saint John Paul II is part of
the orchestrated media narrative which seeks not to fight racism and bring social
order, but to aggravate dispositions; not to bring justice, but to legitimize
violence and crime; not to serve the truth, but to favor one political faction. And
it is disconcerting that there are Bishops - such as those whom I recently
denounced - who, by their words, prove that they are aligned on the opposing side.
They are subservient to the deep state, to globalism, to aligned thought, to the
New World Order which they invoke ever more frequently in the name of a universal
brotherhood which has nothing Christian about it, but which evokes the Masonic
ideals of those who want to dominate the world by driving God out of the courts,
out of schools, out of families, and perhaps even out of churches.\nThe American
people are mature and have now understood how much the mainstream media does not
want to spread the truth but seeks to silence and distort it, spreading the lie
that is useful for the purposes of their masters. However, it is important that the
good - who are the majority - wake up from their sluggishness and do not accept
being deceived by a minority of dishonest people with unavowable purposes. It is
necessary that the good, the children of light, come together and make their voices
heard. What more effective way is there to do this, Mr. President, than by prayer,
asking the Lord to protect you, the United States, and all of humanity from this
enormous attack of the Enemy? Before the power of prayer, the deceptions of the
children of darkness will collapse, their plots will be revealed, their betrayal
will be shown, their frightening power will end in nothing, brought to light and
exposed for what it is: an infernal deception.\nMr. President, my prayer is
constantly turned to the beloved American nation, where I had the privilege and
honor of being sent by Pope Benedict XVI as Apostolic Nuncio. In this dramatic and
decisive hour for all of humanity, I am praying for you and also for all those who
are at your side in the government of the United States. I trust that the American
people are united with me and you in prayer to Almighty God.\nUnited against the
Invisible Enemy of all humanity, I bless you and the First Lady, the beloved
American nation, and all men and women of good will.\n+ Carlo Maria Viganò\nTitular
Archbishop of Ulpiana\nFormer Apostolic Nuncio to the United States of America"

They do so through the use of force (including guerrilla warfare, terrorism and coercion/intimidation), propa- ganda, subversion and political mobilization. Insurgents fight government forces only to the extent needed to achieve their political aims: their main effort is not to kill counterinsurgents, but rather to establish a competitive system of control over the population, making it impossible for the government to administer its territory and people. Insurgent activity is therefore designed to weaken government control and legitimacy while increasing insurgent control and influence.\nInsurgents require supporters, recruits, safe havens, money, supplies, weapons and intelligence on government actions. A robust insurgency can be waged with the support of just a small percentage of a given population.\nNEXT:\nCounterinsurgency may be defined as 'comprehensive civilian and military efforts taken to simultaneously defeat and contain insurgency and address its root causes'.\nQ"

in your righteousness. Make me brave, so I can stand and fight the spiritual
battles in my life and in our world. Give me your wisdom and discernment so I won't
be caught off guard. Together, Lord, we'll win, because in truth, you already have.
While evil still roams, the power of Your name and Your blood rises up to defeat
and bring us victory against every evil planned against us. While malicious actions
may disturb us, we use the armor of God You have given us to stand firm. You will
bring justice in due time for all the harm and needless violence aimed at Your
children. Until then, we remain in Your presence, aligned with Your purposes, and
we look to You as our Supreme Commander and Protector. Help us to avoid temptation,
and deliver us from evil, Lord. You are the Mighty One, the One Who will ultimately
bring all evil to light. With You, Jesus, we are safe. Amen."

Governments long established should not be changed for light and transient causes;

Pope's Critics\nPope Francis declined to see Secretary of State Mike Pompeo, who is
demanding a harder Vatican line on China. The Holy See said meeting just before a
U.S. election would be inappropriate.\nBy Jason Horowitz and Lara Jakes\nSept. 30,
2020, 7:26 p.m. ET\nROME – Secretary of State Mike Pompeo recently published a
sharp letter excoriating the Vatican's plans to renew an agreement with the Chinese
government on Church operations in China. He promoted the article in a tweet,
concluding, "The Vatican endangers its moral authority, should it renew the deal."\n
An indignant Vatican took the article more as a calculated affront than a
diplomatic gesture. The friction broke into the open on Wednesday as Mr. Pompeo
arrived in Rome and met with prelates and others who are hostile to Pope Francis,
while the Vatican denied him a meeting with the pontiff and rebuffed his efforts to
derail the deal with China.\n"Pompeo asked to meet" the pope, who turned him down
because Francis had "clearly said that he does not receive political figures ahead
of the elections," Cardinal Pietro Parolin, who, as secretary of state, is the
Vatican's second-ranking official, told reporters.\nBut to some observers on both
sides of the tensions between the Roman Catholic Church and the Trump
administration, Mr. Pompeo's visit is as much about the coming presidential
